**Faculty Appreciation Day Feedback-**

- It was recommended to publicize the event more and have athletes send out invitations earlier (more advance notice)
- Have athletes follow up with faculty if they have not rsvp'd
- Invite faculty to a team tailgate or breakfast
- Have it later on in the year when the weather is warmer
- Continue to have the Faculty Appreciation Days when there are multiple home events going on

**BI-CO Weekly Update**

- Each week Ryan Mulligan (sports editor) has been trying to do a 'Senior Spotlight' - He is encouraging the HCAA/ coaches to recommend him with possible seniors to highlight

**Recruiting**

- Last week the meeting concluded with members of the HCAA wanting to discuss the recruiting process
- Dave explained his role as the athletics admissions liaison and how at each staff meeting a coach is selected to speak about some of their recruiting techniques.
- The HCAA wanted to know how athletes could help out more with the recruiting process: in response we said: being positive representatives of school, asking their respective coach what they can do to help, being good hosts, etc.
- Other questions asked were how coaches go about recruiting, differences between Haverford and other small, selective liberal arts schools and their admissions.
