

This form is to be filed by the noncustodial parent (whether divorced, separated, or never married).

This form is used by many colleges and universities to evaluate the financial strength of the student's noncustodial parent. These schools adhere to the principle that both parents, regardless of their current marital status, have the primary responsibility for providing for their child's education and should be expected to provide reasonable financial support before college resources are used.

INSTRUCTIONS FOR COMPLETING THE NONCUSTODIAL PARENT'S STATEMENT

Because most of the questions are self-explanatory, the instructions below are only for questions that may need some explanation.

For some of the questions in Section III, it may be helpful to refer to your U.S. income tax return (IRS Form 1040, 1040A, or 1040EZ). **The IRS line references are for 2008.** If you have not completed a 2008 tax return, estimate as accurately as possible. Some colleges will require a copy of your tax return.

- 11. Write in the amount of U.S. income tax paid (or to be paid). Refer to your 2008 IRS Form. Do not copy the amount of "federal income tax withheld" from a W-2 Form.
- 15a. Include only amounts that you get for yourself, your current spouse, and dependent children under age 18. Do not include amounts received for the student.
- 15e. Enter any other income that is not included in any other question.
- 17. Write in the amount of educational loan repayments that you (and your spouse) made in 2008. Include loans obtained by you (and your spouse) for your own education or for the

education of the student, the student's siblings, or the student's stepbrothers or step-sisters.

- 18. Write in the amount of medical and dental expenses paid in 2008. Include the cost of insurance premiums for medical and dental care. Don't include amounts covered by insurance, your company medical reimbursement account (flexible spending account), or self-employed health deductions.

In Section V do not report any asset more than once. If you jointly own assets with your former spouse, include only your (and your current spouse's) portion of the assets and debts.

- 21-25. In questions 21, 22, and 25, "present market value" means the amount that the asset could currently be sold for. Do not use valuation such as assessed value, insured value, or tax value. Include in 24 funds held in Section 529 college savings plans or prepaid tuition plans established for the student and the student's siblings and stepsiblings who are counted in question 5.
