 Collection No. 927  
 4 document boxes  
 Special Collections  
 Haverford College Library

Contents of Collection 927.

There are individual images, A-Z, in boxes 1 & 2 of 927; there are photo albums in boxes 3 & 4. The data file being used indicates there are already five boxes in this collection. However, many individual photos were extracted, which could more appropriately be placed in collection 850 (portraits of American Friends) or collection 860 (portraits of British Friends). Currently, any photos in 927 are either in albums or do not fit the description for collections 850 or 860.

For other Quaker Portraits, see also:
