

Friends Schools Archives Conference

*Sponsored by Haverford College Quaker Collection
and Friends Historical Library, Swarthmore College*

*Haverford College
May 22, 2004*

Save this date for the benefit of future generations of schoolchildren to whom we will entrust our history and heritage.

With an eye to the future and a heart for the past, we hope that you will join us.

When was this photo of the school football team taken?

How many people were graduates of the class of 1940?

Where was the school before it moved to its present site?

Who was the school head the year we landed on the moon?

Who is the person at your school to whom people turn with questions like these?

*Is it you? Should it be you?
It should be someone . . .*

Join us for an informative, stimulating day with others who are asking the same questions.

Please turn over for a preliminary program and contact information.
