**Tune: I Walk the Line, by Johnny Cash (1956)**

**1. I keep a close watch on my x and y.  
My axes are important all the time.  
Without friction I surely would decline.  
I walk the line on the incline.**

**2. It's not easy to stay on this slope --  
Sometimes I need the assistance of a rope.  
But knowing my formulas gives me hope.  
I walk the line on the incline.**

**3. As sure as gravity's value's 9.8,  
I'll keep on walking till I reach the gates  
Of physics heaven, and I won't be late!  
I'll walk the line on the incline.**

**4. I've got a physics textbook on my side --  
If this slope tries to take me for a ride,  
My coefficient of friction will stem the tide!  
I'll walk the line on the incline.  
I'll walk the line on the incline.**
