

Physics 213 2011 Assignment #1

Due Friday Sept. 9, 4 pm (turn in to envelope outside my office)

Reading: Chapters 1 (All readings are in Smith)

Individual problems (you may not consult with other students on these, but you may consult with me):

1.3, 1.15

Group problems (You are encouraged to work with other students on these *_after_* you've put in a serious effort -- at least 10 minutes per problem -- on your own. You should avoid working in groups larger than 5 students.)

1.2, 1.10, 1.11, 1.13, 1.14, 1.16, 1.17, 1.18
