

Physics 213 2011 Assignment #9

Due Friday Dec. 2, 4 pm (turn in to envelope outside my office)

Reading: Chapter 9

Individual problems (you may not consult with other students on these, but you may consult with me):

7.17

8.5

8.8

Group problems (You are encouraged to work with other students on these after you've put in a serious effort -- at least 10 minutes per problem -- on your own. You should avoid working in groups larger than 5 students.)

8.4

8.10

8.12

8.18 This contains a typo, but by now you've entered all the errata, right?

9.2
