

On 10/25/08 residents of HC 14 observed suspicious males wandering through their apartment. They then found several items missing from their dorm room.

A short time later, Haverford Police arrested a suspect fitting the description given by the residents of HCA 14 and a number of stolen items were retrieved from the suspect. An investigation is pending.

In the meantime, we would like to remind students to immediately call security to report anything suspicious and to keep doors and windows locked.
