

## THE WHITEHEAD SELF-DESIGN INTERNSHIP PROGRAM SUMMER 2024

The Whitehead Internship Program was created by a Haverford alumnus in honor of John C. Whitehead '43 to encourage Haverford students (rising sophomores, juniors, and seniors) to engage in an 8-10 week summer work experience related to entrepreneurial endeavors, small business enterprise, venture capital or investment finance activities. The fund fosters hands-on education and experience supporting interests in entrepreneurship. The intent is to provide stipends for summer work experiences for which students might not otherwise receive the funding their financial commitments require.

Students may apply to and seek funding for internships through a select group of "College Partners" OR with other organizations not affiliated with Haverford College as "Self-Design Internships," which they have researched and located independently. The mission and objectives of such organizations must still relate to the focus of the Whitehead program, and students must have secured a commitment or offer from an employer *by the March 22nd application deadline* to be eligible for Whitehead funds.

In an effort to fund more students during their Haverford experience, students are only permitted to receive Whitehead Internship Program funds one time. For example, students who received a Whitehead internship after their sophomore year cannot receive funding a second time.

### Financial Information for both Partner and Self-Designed Interns

1. All full-time Whitehead Interns will receive a \$6,000 stipend for an 8 – 10 week summer work experience
2. Whitehead Interns who will be working in-person in either NYC or San Francisco (partner or self-designed) may apply for additional housing funds [here](#). All other area housing expense requests must be submitted in writing to [dadair@haverford.edu](mailto:dadair@haverford.edu) before being considered.

### WHITEHEAD SELF-DESIGN APPLICANTS

Previously funded Whitehead Self-Design experiences have included the following organizations:

[Axionic Capital](#)  
[Germany Trade and Invest](#)
