

A Center for Peace & Global Citizenship Fellowship with

Food Moxie works to empower local disenfranchised youth and families, especially those at Stenton Family Manor, through food-based education and assistance. Food Moxie's farm and nutrition education programs center on sustainable urban farming, the cooperative economy, the importance of maintaining a healthy diet, and promoting the value of locally produced food grown without pesticides. The selected intern will also support the Martin Luther King High School student interns.

The Hope Garden at Stenton Family Manor was established in 2009 to improve the nutritional value of meals for residents by growing fresh produce for the kitchen, as well as to provide a safe space where young residents could take part in structured gardening and nutrition activities through the Garden Club. The Hope Farm at Martin Luther King High School began in 2014 to teach life skills related to urban farming and nutrition to students with intellectual disabilities (ID) and autism. This horticultural therapy program provides experiential learning that connects classroom lessons with real-life application, focusing on practical and vocational life skills that lead to increased independence.

Summer 2020 Internship Description

- Engaging in physical labor to maintain the garden and to harvest and process the produce (interns should expect that the work will be physically demanding and intensive).
- Assisting the garden educator in educational programming for the younger children of Stenton, which may include creating lesson plans and teaching.
- Helping to supervise and support Food Moxie interns from MLK High School by working with them at the Food Moxie farm stand.

Application Information: Interested applicants must meet with the Domestic Fellowship Advisor, Ryan Rose (rrose1@haverford.edu). This internship is open to Haverford first-years, sophomores, and juniors. Applicants must submit an application form, a cover letter, a transcript (an unofficial one is fine), and a recommendation form completed by a faculty member. Applications are done through CPGC's website: <http://www.haverford.edu/cpgc>.

Pre-internship Programming

- The 2020 CPGC Fellow cohort will meet on or near campus for a half-day retreat, and engage in other preparatory activities during the spring semester that will be relevant to their fellowships.
- All Philadelphia-area fellows will attend a dynamic orientation week of activities during the week directly following the end of the spring semester (based on campus with daily trips to Philadelphia).

Stipend: This internship lasts 10 weeks, and the CPGC provides stipends for travel, lodging (at HCA or in Philadelphia), local transportation, food, and a summer earnings expectation for students who receive financial aid. Food Moxie interns typically stay at a homestay organized by the CPGC.

Deadline: All application materials are due by **February 2nd, 2020**. The application process includes an interview with Food Moxie in Philadelphia in February.

For More Information: Visit <http://www.foodmoxie.org/> and contact Ryan Rose (rrose1@haverford.edu), CPGC's Domestic Fellowship Advisor.

Applicants are also encouraged to discuss this opportunity with last year's 2019 fellows: Emma Iacobucci '21 (eiacobucci@haverford.edu), and Elaina Sassine '22 (esassine@haverford.edu).
