Philadelphia Futures is a nonprofit organization that provides Philadelphia's low-income, first-generation-to-college students with the tools, resources and opportunities necessary for admission to and success in college. The organization transforms lives by breaking down the barriers that have historically excluded this population of students from achieving college success. The students Philadelphia Futures serves are provided with a comprehensive, time-tested array of programs designed to reduce the institutional, academic, social and financial barriers to college success.

Through its two direct service programs, Sponsor-A-Scholar (SAS) and College Connection, Philadelphia Futures annually serves nearly 600 high school and college students with academic enrichment services, personalized college guidance, placement and retention services and financial resources. Unique in their depth and duration, these intensive, individualized programs support students from high school through college completion.
