

The Hurford Center for the Arts and Humanities' Philly Partner internship offers students the opportunity to learn directly from an extraordinary array of arts and cultural institutions. Depending on the organization's need, the student will be conducting a wide array of tasks from research, writing, social media, curating and beyond.

These internships typically last ten weeks during the summer (June through August). Students receive a \$4000 stipend that covers food, housing, commuting, and living expenses, as well as the summer earnings expectation. Students apply to this program through the Center, and host organizations invite students for interviews and make final offers directly to interns. Decisions can be expected mid- to- late March.
