

## THE HAVERFORD MI3\_IC PHILADELPHIA INTERNSHIP PROGRAM

SUMMER 2024

The Haverford MI3\_IC Philadelphia Internship Program (MI3\_IC) is funded by a foundation set up by a Haverford alum and designed to encourage Haverford students to engage in an 8 – 10 week summer work experience ***related to social entrepreneurial endeavors and/or impact investing activities***. The internship program fosters hands-on experiences, learning-by-doing, exposure to the nuts and bolts of starting up a business and mentorship by a leading entrepreneur in the field. The intent of the program is to provide appropriate stipends for summer work experiences for which students might not otherwise receive the funding that their financial commitments require. It is designed for students who have *completed their sophomore or junior year* (rising juniors and rising seniors).

As part of our collaboration with the foundation, Haverford MI3 is a member of IC Philadelphia, a local chapter of the national impact angel investor group Investors' Circle (IC). For more than 9 years, MI3's membership has provided students opportunities to attend IC Philadelphia meetings to hear firms pitch, engage in Due Diligence in live deals with other IC members, participate in early stage equity investments and be involved in the continuing management of the relationships with investees alongside other IC member investors.

For this internship program, each year Haverford MI3 and IC Philadelphia secure commitments from several portfolio firms, i.e., early-stage social enterprises in which Haverford MI3 or IC members have invested, or other organizations in the impact investing field, who are interested in engaging bright motivated Haverford students in their work. Participating firms/orgs will generally be located in the NYC to DC to Pittsburgh area. Whether an early stage enterprise or support organization, the internship is intended also to benefit the firm/org which may not have the resources to support an intern to complete an important project.

Applications for each position will be combined and sent to the firms/orgs. They will then consider and interview candidates of interest. Candidates are to submit applications to firms listed on Handshake by 10 February (but applications may be provided to partners earlier). Partner firms are to complete their selections by end of February.

**APPLICATION REQUIREMENTS/PROCEDURES**  
**MI3\_IC PHILADELPHIA INTERNSHIP PROGRAM**

**1. 3-step process application process**

(We encourage all applicants to have their resume reviewed by the CCPA before applying)
