For purposes of determining your financial aid as a José Padín Scholarship recipient, we have used the following amounts to represent the cost of attending Haverford College during the 2020-2021 academic year. Although we believe these costs to be accurate, the College does reserve the right to adjust the amounts as necessary. Should such adjustments happen, you will receive an updated Financial Aid Decision.

Families are expected to contribute toward the education of their individual members. Using the data your family provided on the CSS Profile application, we determined a parental contribution and a student asset contribution. This is subtracted from these college costs:

**EXPECTED COLLEGE COSTS** for a First Year Padín Scholar in 2020-2021

1. Tuition $58,402
2. Student Government Fee 498
3. Room and Board 17,066
4. First Year Orientation Fee 262
5. Books and Other Educational Materials 1,194
6. Travel 1,000
7. Fall, Thanksgiving, and Spring Breaks ($20 per day, 17 days) 340
8. Daily personal expense for such things as laundry, recreation, local transportation) 1,468
9. Room and Board Fall Semester Credit* -2,132
10. Additionally, we have found that students coming to the College from Puerto Rico may need to make an initial purchase of items. For this we allow 200
11. And you will have other initial one-time purchases to make (they may vary according to the student) 100

**ESTIMATED TOTAL COSTS FOR FIRST YEAR PADÍN SCHOLAR** $78,398

*Students with a fall disbursement of Haverford Grant greater than the room and board credit will see their Haverford Grant reduced. This is due to the fact that Haverford met your measured financial need in full, and now that the credit is reducing your need, the Grant has to be reduced in kind. Note that although the credit is applied entirely to the fall semester, the Grant reduction is spread across both fall and spring, to prevent a complete dollar-for-dollar exchange between the credit and grant.

Expenses 1 through 8 will continue through all four years at Haverford, although the specific amounts are likely to increase each year. At the beginning of your third year, we will provide a supplemental amount of $250.

**Meeting These Expenses.** All financial aid will be applied first to your college bill. If there are funds remaining after the bill is paid in full, you may receive a refund for the excess amount.
**Student health insurance** is a separate charge that cannot be covered by financial aid. Haverford requires all students to have health insurance, either through their parents or another plan. If a student is not covered by such a plan, they are required to purchase Haverford’s insurance plan. Students who are covered by an approved plan can waive the Haverford cost by going to the Haverford Health Services web page. The cost for health insurance has not been determined yet for the upcoming school year, but in 2019-2020 the cost was $1,782. More information can be found on the [Haverford Health Services web page](https://www.haverford.edu/hhs). You can also contact the College’s Health Service Office at (610) 896-1089.

**Outside scholarships.** Because the College measures a student’s financial need and then meets that need in full, the inclusion of outside funds will obligate the Financial Aid Office to reduce your Haverford Grant dollar-for-dollar.

**Subsequent years.** Students must reapply for financial aid each year, with a reevaluation of a family’s financial need recalculated each year. This means that your financial aid can change from year to year, due to changes in family’s income as well as changes to the College’s costs.
