This summary represents only a partial listing of benefits and exclusions of the Prescription Drug Program described in this summary. If your employer purchases another program, the benefits and exclusions may differ. Also, benefits and exclusions may be further defined by pharmacy policy. As a result, this program may not cover all of your health care expenses. Read your contract/member benefit booklet carefully for a complete listing of terms, limitations, and exclusions of the program. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.ibx.com/LGBooklet or call **1-800-ASK-BLUE** (TTY: 711).

Certain designated preventative medications will not be subject to any cost-sharing or deductibles, but will be subject to the terms and conditions of your benefits contract. Refer to your summary of benefits, member handbook, and/or benefit booklet to determine if your plan includes 100 percent coverage for in-network preventive services.

Any prescription refilled in excess of the number of refills specified by the physician, or any refill dispensed after one year from the physician's original order are not covered. Devices or supplies except those specifically listed under covered drugs are not covered. Drugs used to treat hemophilia are not covered.

All covered self-administered specialty medications except insulin will be provided through the convenient Specialty Pharmacy Program for the appropriate cost sharing indicated above. Benefits are available for up to a thirty (30) days supply.

FutureScripts® network includes more than 65,000 retail pharmacies. You can locate a participating pharmacy near you on www.ibx.com by selecting the Find a Participating Pharmacy feature. FutureScripts® is an independent company providing pharmacy benefit management service.

Benefits underwritten or administered by QCC Insurance Company, a subsidiary of Independence Blue Cross - Independent licensees of the Blue Cross and Blue Shield Association. www.ibx.com
