See a doctor
daytime, anywhere within the U.S.

Telemedicine is a convenient and low-cost option when you can’t get to your doctor.

With telemedicine from MDLIVE, you have 24/7 access to a licensed primary care doctor for non-emergency medical conditions, such as:

- Colds and flu
- Allergies
- Asthma
- Pink eye
- Ear infections
- Sinus problems
- Respiratory infections
- Joint aches and pains
- Vomiting and nausea
- And more

Telemedicine is a quick and easy option to talk to a doctor by video, phone, or mobile app — anytime, anywhere. Check your plan to see how telemedicine is covered.

Don’t wait until you’re sick! There are several ways to activate your account once you have your member ID card.
