Board of Managers

General

As of February 4, 1992, general access to the Board of Managers and Corporation minutes and papers has been authorized. According to G. Holger Hansen, Vice President for Institutional Advancement, the minutes are matters of public record. We do not need permission to use them. However, if names of individuals are used, this is considered potentially sensitive information and we will continue to obtain permission through the President's office. See also individual restrictions.

Minutes of the Board of Managers, 1831-2013
