The completion date of the most recent major renovation or addition since 1960 appears in parentheses. The College has ongoing refurbishment programs for faculty housing and the Haverford College Apartments (e.g. carpet replacement, kitchen and bathroom upgrades, window replacement, etc.) which are not indicated above. Similarly, the smaller, more focused renovations of campus buildings to improve accessibility are not noted separately.

*The College purchased the Haverford Park Apartments in the mid-1970s, and changed the name in the 1990s.
