LIMITED ENROLLMENT LOTTERY SIGN-UP
LOTTERY "B"

To be used only in the event that a "second" lottery—one after the first class meets—is necessary.

Semester/Yr.	Course	Professor	Time	Number of Spaces

The Registrar will conduct a lottery using the names of the persons signed-up and both notify the instructor and post the list of students admitted to the course, with an appropriate wait-list, outside the Registrar's Office.

FACULTY, PLEASE NOTE: Only students who have **not** had the opportunity to pre-register—mostly newly-admitted students—new Frosh, Transfers, Exchanges, and Guests—may opt for a space in your course unless, of course, space is available after all others have been accommodated. **In many instances, available spaces are allocated to new Freshmen only, and this will be indicated in the box above entitled, Number of Spaces.** Once students have signed this list with both their ID and Name, please bring the sheet to the Registrar, who will run an immediate lottery. **Students must commit to your class on the first day or after these lottery results are posted. If they have made the class and do not show for the second class, their space should automatically be given to the next person on the wait list. In other words, once they have learned the results of the lottery, their commitment must be immediate.**
