WELCOME TO 2016 MID-YEAR ROOM DRAW

Mid-Year Room Draw is the process through which upper-class students seeking campus housing for the spring semester obtain their housing. First-year students are expected to remain in their housing assignments and Customs Groups for the entire academic year and are not eligible to enter Mid-Year Room Draw. A policy reminder: While we have, in the past, been able to house all returning students who requested campus housing, housing is not guaranteed to any returning student.

🌟 Instructions, calendar - what's happening and deadlines and procedures for the Mid-Year Room Draw process can be found in the 2016 Mid-Year Room Draw Guidelines.

🌟 All students participating in the Mid-Year Room Draw process are responsible for reading and understanding the Mid-Year Room Draw Guidelines in it’s entirely, following all instructions and procedures contained therein, and meeting all deadlines.

🌟 All actions involving housing and the Room Draw process fall under the Honor Code.

🌟 THE DRAW IS CONDUCTED ONLINE.

The Office of Residential Life and the Residential Life Committee members work closely together to establish the guidelines for the Room Draw and to coordinate and run the process in order to make sure it is fair, clear, and as simple as possible. The Room Draw Guidelines establish the policy by which the Haverford community both applies for and selects housing. However, the guidelines cannot cover every single circumstance that may arise regarding the room draw process. Working closely with the Office of Residential Life, the Residential Life Committee plays an active role in all aspects of housing and reserves the right, by virtue of Students' Council appointment of the Co-Chairs, to adjudicate over such ambiguous cases in keeping with the letter and spirit of the rules as well as the Honor Code. The Office of Residential Life and the Residential Life Committee strive to achieve decisions that are equitable and fair to the parties involved as well as the Haverford community and all decisions made are final and binding.

If after reading the Guidelines you still have questions, please do not hesitate to contact us. Email the Residential Life Committee at hc.reslifecommittee@gmail.com (PLEASE NOTE: emails to this address are read by members of the Residential Life Committee). Questions of a confidential nature should be sent to Marianne (Smitty) Smith, Director of Residential Life, (610.896.1298 or msmith@haverford.edu).

Good Luck!

BRIEF OVERVIEW of the Mid-Year Room Draw process

Students returning from Study Abroad, Study Away, a Leave, or students currently living off campus, or students with campus housing who need or are seeking to change their housing for Semester II must participate in the Mid-Year Room Draw process to obtain campus housing in Semester II.

At mid-year, students obtain their Semester II campus housing in one of three ways:

1. They may get **PULLED-IN** to a vacant space by the students remaining in the group housing, floor plans, or doubles that has the vacancy. [More info on pg. 8]
2. They may **ENTER THE DRAW** for housing and pick their housing during the Draw on Thursday, December 3. The Draw is conducted online. [More info pg. 9-10]
3. They may apply to live in **Special Interest Housing** application if spaces are or are projected to become available. [More info on pg. 9]

**STUDENTS RETURNING FROM STUDY ABROAD, STUDY AWAY, a LEAVE, or who are CURRENTLY LIVING OFF CAMPUS, and who are SEEKING SEMESTER II CAMPUS HOUSING MUST**

- Fill out and submit the online **Mid-Year Room Draw: Returning and Name a Proxy Form.** Students are asked to do this, as soon as possible, but no later than by the deadline stated in the Mid-Year Room Draw Calendar. On this form students let the Office of Residential Life know they are returning to Haverford and are seeking campus housing for the Semester II, if they anticipate being and confirm they wish to get pulled-in to housing and into what housing, or that if they anticipate going through the Draw and will name a Proxy who will sign them up to enter the Draw and will pick housing on their behalf. [More info on pg. 5]

**STUDENTS WHO AGREE TO ACT AS A PROXY FOR ANOTHER STUDENT MUST** fill out and submit the **online Proxy Confirmation Form** by the deadline. [More info pg. 5]

**STUDENTS WHO CURRENTLY HAVE CAMPUS HOUSING AND NEED TO or ARE SEEKING TO/THINKING ABOUT CHANGING THEIR CAMPUS HOUSING IN SEMESTER II** [More info pg. 5]

- if a student is getting PULLED-IN to different housing they MUST sign the hardcopy **Pull-In form** (pdf) that the students remaining in the group housing that has the vacancy has filled out and this form must be returned by the deadline.
- if a student is entering the Draw they MUST sign up for the Draw on the designated day and attend the Draw.

**STUDENTS WHO KNOW THEY ARE LEAVING AND WILL BE GIVING UP THEIR SEMESTER I CAMPUS HOUSING MUST**

- let all concerned know of their plans.
- fill out the online **Mid-Year Room Draw: Leaving Form** to let the Office of Residential Life know they are leaving. Students are asked to do so, as soon as possible, but no later than by the deadline stated in the Mid-Year Room Draw Calendar. The success of the Mid-Year Room Draw process depends upon the number of spaces that can be offered to all those students seeking campus housing or seeking to change their housing for Semester II. [More info pg. 6-7]

**GOT SPACE? STUDENTS WITH SPACES TO FILL --- FILLING A VACANCY BEFORE THE DRAW -- THE PULL-IN PROCESS**

- **STUDENTS WHO CURRENTLY HAVE OR WILL HAVE A VACANCY OR VACANCIES IN THEIR GROUP HOUSING** (floor groups, house, hall groups, suites, apartment, double) have the first opportunity to pull-in someone to fill the vacant space(s) or the projected vacancy (- one that is opening up by a student who will be leaving/giving up this space) once this space has been officially vacated. To pull-in a student(s) the students remaining in that housing need to fill out the hardcopy **Pull-In form** (pdf) completely, including signatures of all students and the complete room address, including room letters, where applicable, and submit it to the Office of Residential Life (Chase Hall, 2nd floor) by the stated deadline. [More information on pages 7-8]

- **STUDENTS BEING “PULLED-IN” MUST** confirm. Students who are on campus must sign the hardcopy form and those students not on campus to sign the form must on the online **Mid-Year Room Draw: Returning and Name a Proxy Form** confirm their acceptance to be “pulled-in”. [More info pg. 8]

**PROCEDURES - BEFORE THE DRAW (What to do and when)**

**INFORMATION FOR STUDENTS SEEKING CAMPUS HOUSING FOR SEMESTER II**

Students RETURNING from International Study Abroad, Study Away, or a Leave and those currently living off campus

- Returning students must fill out the Mid-Year Room Draw ~ Returning Student and Name a Proxy Form to let the Office of Residential Life know they are returning and are seeking campus housing for the spring semester. Students are asked to do so, as soon as possible, but no later than by the deadline stated in the Mid-Year Room Draw Calendar. Students who currently have campus housing should not fill out this form.

- Returning students who wish to participate in Mid-Year Room Draw but are unable to be present to participate in all of the necessary Mid-Year Room Draw procedures and events, themselves, or to sign the necessary forms MUST name a PROXY to act on their behalf on the Mid-Year Room Draw ~ Returning Student and Name a Proxy Form.

- Returning students who anticipate being pulled-in to a vacant space should read the section on “Filling Vacancies before the Draw” and fill out the appropriate section on this form confirming that they will be pulled-in and into what housing they will be pulled-in to.

- **Reminder:** When you name a Proxy your Proxy MUST confirm that they agree to be your proxy. Students who have accepted being a proxy for another student(s) must confirm that they will be a proxy by filling out and submitting by the CONFIRMING that you are ACTING AS A PROXY form by the deadline.

Students who currently have campus housing who are REQUIRED TO, SEEKING TO, or WISH TO EXPLORE the possibility of CHANGING THEIR CAMPUS HOUSING FOR SEMESTER II

- Students with Semester I housing may, before the Draw, try to obtain different housing in Semester II by reconfiguring/switching spaces within their group housing, by trading their housing, or by being pulled-in to another open space by residents of that housing. They would complete the appropriate form, the [RECONFIGURING/SWITCHING ROOMS in your group housing or floor group](#) or the [PULLING IN someone to fill a vacancy](#) in your group housing, floor group, double, or apartment.

- Students with Semester I housing may choose to explore their housing options in Semester II by entering The Draw. Students MUST sign up to enter the Draw but signing up does not obligate the student to take a new room unless they are in the “required to give up their Semester I housing” category. Students do not have to commit to giving up their housing to
enter the Draw nor are they required to choose new housing when their lottery number is called. When it is their turn, a student may pass (retaining their Semester I housing, if they do not wish to take any of the housing offered at the time their lottery number is called) or they may choose to take new housing and by doing so gives up their Semester I housing and this space will then be placed into the Draw. Students who do choose to take housing during the Draw are obligated to move.

- Students who are required to, seeking to, or just wish to explore the possibility of changing their campus housing do not need to formally notify the Office of Residential Life that they are changing or seeking to change their housing until they take new housing.

**IMPORTANT NOTE:** Students who are changing rooms MUST complete their move before the dorms close for winter break Saturday, December 17 at noon. Further information on leaving Semester I housing will be forthcoming.

**INFORMATION FOR STUDENTS LEAVING (giving up) THEIR SEMESTER I HOUSING**

The success of the Mid-Year Room Draw process depends upon the number of rooms that can be offered to all those who either need a Semester II room or hope to be able to change rooms for Semester II. This is important so that we will know how many and what rooms are available for Semester II housing for pull-ins and to determine what rooms can be offered in the Draw.

For this reason, it is very important that you confirm your plans to all concerned as soon as you decide you are leaving/giving up your Semester I housing.

**WHO YOU NEED TO TELL YOU WILL BE LEAVING:**

- **The Office of Residential Life.** Students who know they will be leaving their Semester I campus housing are asked to fill the online Mid-Year Room Draw – Leaving Form as soon as possible and no later than by the stated deadline. If you are not sure of your plans, please be in touch with Marianne (Smitty) Smith, Director of Residential Life.

- **Your roommates, suitemates, apartment-mates.** They need to know ASAP so that they may have the opportunity to arrange to pull-in another student to fill the open spot BEFORE the Mid-Year Room Draw.

- **If you are going on Study Abroad,** please confirm with the Study Abroad Office.

- **Your Dean, if you are taking a College or Deans Leave or are transferring from the College.** You must notify your Dean, in writing by December 1. Your Dean must know for many reasons, including the fact that if you are leaving school, they must issue the formal outgoing notice. If you are unable to meet the December 1 deadline, please keep in close touch with your Dean about your plans and notify Marianne (Smitty) Smith, Director of Residential Life, of this and then let her know as soon as your plans are set.

**IMPORTANT NOTES:**

- Students who are leaving (giving up) their Semester I housing may not trade or give away their housing to another student.

- If the space you are leaving is a part of group housing, double-ups, or double rooms, the students remaining in this housing may fill that vacancy by pulling-in another student(s). Please see the section called “GOT SPACE” for more details.

- If your room is a “true single” (defined as “one room furnished for one person that was offered in the “Singles” Draw (Round V) in Spring Room Draw”) then this space will be entered into the Mid-Year Draw in the “Singles” Draw.

- Spaces remaining open at the time of Mid-Year Room Draw will be entered into the Draw.

- Students who are leaving their Semester I housing MUST complete their move before the dorms close for winter break Saturday, December 17 at noon. Further information on leaving Semester I housing will be forthcoming.

- Should your plans change after you have given up your housing, please contact Marianne (Smitty) Smith, Director of Residential Life, immediately. It is unlikely that you will be able to return to your original housing, but every effort will be made to work out a new housing assignment.
GOT SPACE you need to fill?  
CURRENTLY HAVE OR WILL HAVE A VACANCY IN YOUR HOUSING?

Information for remaining students who have or will have an open space(s) in their group housing, floorplan, apartment, double-up, or double. If there is an existing vacancy or if someone in your group housing is moving out of their campus housing, for any reason, the remaining students may be able to pull-in someone to fill any opening(s) and/or students may be able to reconfigure/switch spaces.

THE RULES FOR FILLING VACANCIES **BEFORE** THE DRAW

- **GENERAL INFORMATION**
  If the vacancy is in housing that is anything other than a “true” single (meaning it went into Spring Room Draw in the Singles Round), the remaining student(s) have the first opportunity to fill the vacancy by pulling someone in by the stated deadline. Spaces remaining after the deadline are placed into the Draw. Spaces that open up after the Draw and are not filled by the remaining residents via pulling someone in, continue to be considered part of the housing pool and are made available to eligible students throughout the academic year.

- **FILLING SPACES THAT ARE CURRENTLY OR WILL BECOME VACANT IN FLOOR GROUP HOUSING (multiple suites, clusters, or apartments)**
  If a vacancy arises in a floor group at HCA:
  - the remaining students have the option to pull-in a student(s) to fill the space(s).
  - if the remaining students cannot fill all of the vacancies in the floor group or apartment, they must reconfigure their living arrangements (i.e., condense down) in order to release a room, an entire apartment or several apartments.

  If a vacancy exists or arises in a floor group in the North Dorms or cluster group in Kim:
  - the remaining students have the first opportunity to fill the vacancy by pulling someone in by the stated deadline.
  - if the remaining students cannot fill all of the vacancies in the floor group, the remaining students must reconfigure their living arrangements (i.e., condense down) in order to release an entire suite/cluster or group of suites/clusters.

- **FILLING SPACES THAT ARE CURRENTLY OR WILL BECOME VACANT IN AN INDIVIDUAL APARTMENT**
  If a vacant space(s) currently exists in or is expected to open up in a 3-person apartment, that is not part of a floor group, the remaining resident(s)
  - have the first opportunity to fill the vacancy by pulling someone in by the stated deadline.
  - if they are not able to fill the vacancy by the stated deadline the remaining residents, willingly agree to reconfigure their living arrangement in order to leave the single room open to be offered in the Draw or for a newly placed student during the year.
  - may choose to change their housing and move out of the apartment and into other available campus housing by getting pulled-in elsewhere or going through the Mid-Year Room Draw.
  - may stay and willingly agree to accept the placement of a student(s) into this housing either via the Draw or of another student(s) throughout the academic year, if needed.

  If a space(s) currently exists in or is expected to open up in a 2-person apartment, that is not part of a floor group, the remaining resident
  - has the first opportunity to fill the vacancy by pulling someone in by the stated deadline
  - may choose to change their housing and move out of the apartment and into other available campus housing by getting pulled-in elsewhere or going through the Mid-Year Room Draw.
  - may stay and willingly agree to accept the placement of a student into this housing either via the Draw or of another student(s) throughout the academic year, if needed.
THE RULES FOR PULLING-IN SOMEONE - HOW TO FILL A VACANCY OR VACANCIES

- **WHO can be pulled-in**
  Any enrolled and eligible upper-class student, whether living off campus, with Semester I campus housing, or returning to the College may be pulled-in by the remaining students to fill an open space or spaces in their group housing.

- **WHEN can you pull-in someone?**
  The remaining students may pull-in someone to fill a currently vacant space or a space that will be opening up once that space has been officially vacated. A space is officially vacated when the student currently occupying the space has formally confirmed that they are leaving to Study Abroad, Study Away, or confirmed with their Dean that they will be going on leave or has formally notified the Office of Residential Life that they are leaving/giving up their campus housing.

Students cannot be pulled into spaces before those spaces have been officially vacated. For example, if one of your roommates/suitemates is thinking of going abroad but has not confirmed this, you must wait until they do confirm to pull-in a student to fill the vacancy. You cannot pull someone in if one of your roommates/suitemates is entering the Draw because your roommate’s housing will not be available until they choose another room. If they choose new housing in the Draw, their old housing is then automatically placed into the pool of available rooms for those participating in the Draw.

- **HOW to pull-in someone – Who needs to do what. To pull someone in, the following things MUST be done:**
  The students remaining in that housing need to fill out the hardcopy Pull-in Form (pdf) completely, including signatures of all students and the complete room address, including room letters, where applicable, and submit it to the Office of Residential Life (Chase Hall, 2nd floor) by the stated deadline. REMINDER: Students may only sign their own names and must name a proxy to act on their behalf if unable to. The Pull-In Form (pdf) is a hardcopy form that can be downloaded or picked up at the Office of Residential Life. **Why is this a MUST?** If you do not fill out the form and hand it in by the deadline the Office of Residential Life won’t know that you are pulling someone in and the vacant space(s) will be offered in the Draw. When in doubt, the default is to place any space known to be vacant (the space is currently vacant or a student is confirmed to be leaving) in the Draw. In this case, if a student chooses that space in the Draw they DO NOT have to give it up, even if one of the remaining residents had planned to occupy the room.

**Students being "pulled-in"** who are on campus must sign the form and those unable to sign the form because they are not on campus must confirm their acceptance to be "pulled-in" by filling out the appropriate section on the online Mid-Year Room Draw: Returning and Name a Proxy Form or having their Proxy sign the form for them.

- **COMPLETION -- A “pull-in” is not complete, and cannot be finalized, until everyone involved has confirmed their acceptance to pull- or be pulled-in.** When in doubt or if a pull-in is not finalized the default is to place any space known to be vacant (the space is currently vacant or a student is confirmed to be leaving) in the Draw. In this case, if a student chooses that space in the Draw they DO NOT have to give it up, even if one of the remaining residents had planned to occupy the room.

**THE RULES FOR RECONFIGURING/SWITCHING SPACES in your housing group**

Student may reconfigure/switch spaces within their group housing if all remaining students are in agreement and if the following rules are adhered to. If the space vacated is a single, those remaining may reconfigure spaces within the house or floor group, but the open space must remain a single. If the vacancy occurs in a double, those remaining should reconfigure/switch spaces within the house or floor group, to leave open a single room as the open space.

To reconfigure and make a switch, the students need to fill out the Reconfigure/Switching Spaces Form (pdf), by the stated deadline. This form is a hardcopy form that can be downloaded or picked up at the Office of Residential Life. Please make sure to fill it out completely and return it to the Office of Residential Life (Chase Hall, 2nd floor) by the deadline. REMINDER: Signatures of all students and complete room address, including room letters, where applicable, are required. Students may only sign their own names and must name a proxy to act on their behalf if unable to. PLEASE NOTE: Anyone who chooses to reconfigure/switch spaces is not permitted to move back to their old room after the Draw, even if it is still available.
SPECIAL INTEREST HOUSING (Cadbury, Ira de A. Reid, La Casa Hispanica)

Space(s) that open up in Special Interest Housing for Semester II are filled by individual applications and can be downloaded (Cadbury House, La Casa Hispanica). Students interested in Ira De A. Reid House are asked to please contact Ben Hughes, Program Coordinator, Office of Multicultural Affairs, (610) 896-1406.

COMMUNITY HOUSING

Vacancy(s) that open up in Community Housing for Semester II are to be filled by the Community House. New Community House residents are asked to write up a paragraph for the Residential Life Committee stating why they wish to live in this Community House and agreeing to the conditions of the House.

- Students are not obligated to take a space in a particular housing category just because they signed up for that housing category; students may always pass when their lottery number is called in that housing category BUT ONLY if they **KNOW and are ASSURED** they will be able to obtain housing they prefer later in the Draw.
• **Students without Semester I housing** who are seeking Semester II campus housing **MUST** choose housing during the Draw (i.e., they cannot pass and leave the Draw without housing).

• **Students with Semester I housing** are not obligated to give up their housing to enter the Draw nor are they obligated to choose new housing when their lottery number is called. When it is their turn, a student may pass (retaining their Semester I housing, if they do not wish to take any of the housing offered at the time their lottery number is called) or they may choose to take new housing and by doing so gives up their Semester I housing and this space will then be placed into the Draw. Students who do choose to take housing during the Draw are obligated to move.

**GROUP HOUSING OPTIONS**

• Students applying for group housing of any sort (e.g., hall groups, floor groups, suites, doubles, 2-person apartments, or 3-person apartments) must fill out the application form as a group, have the correct number of students for that group housing option, and fill out additional group forms for each housing option/category they are seeking.

• At this time, we do not know what group housing - how many hall groups, floor groups, suites, doubles, 2-person apartments, or 3-person apartments - will become available. If group options open up by the Draw, they will be offered first. If they do not, we will discard all cards in these categories and start the Draw with the single spaces.

• What happens if there are fewer applicants for the housing category of three-person apartments than the number of three-person apartments available? The third open bed may be filled by the students who took the apartment or will remain available for any eligible student to choose in the Draw or for the Office of Residential Life to fill during the year if needed. Note: in the latter case, the two students would need to double up into the double room and leave vacant the single room.

• What happens if there are fewer applicants for the category of two-person apartments than the number of two-person apartments available? Similarly, if they are not filled under the category of two-person apartments, the apartments will be offered to the applicants for singles, according to lottery numbers. The open bed may be filled by the student who took the apartment or will remain available for any eligible student to choose or for the Office of Residential Life to fill during the year if needed.

• What happens if there are fewer applicants for the category of suites or floor groups? In these cases, if no groups of the proper size apply, the spaces in suites and hall groups will also be offered as singles.

**On Wednesday, November 30,**

• **SPECIFIC INSTRUCTIONS ABOUT HOW TO PARTICIPATE IN THE ONLINE DRAW** will be emailed to students and their proxies who signed up for the Draw.

• **HOUSING AVAILABLE at the beginning of the DRAW** will be posted. Please note that other housing may open up during the Mid-Year Room Draw.
**PRIORITY & LOTTERY NUMBERS ~ What are they and how and when they are assigned and posted.**

The order in which students pick their Semester II housing in the Mid-Year Room Draw is different than for the Spring Room Draw. Priority is determined, first, by the category of student seeking campus housing, and, second, within each category by a student’s priority number (based on class year) and when more than one student or group of students has the same priority number, lottery numbers are assigned.

**CATEGORY OF STUDENT SEEKING CAMPUS HOUSING**

</tr>
<tr>
<td>2nd</td>
<td>Students returning from International Study Abroad, Study Away, Exchange, Dean’s Leave, College Leave or juniors with housing who wish to apply with friends who are returning and meet certain conditions (these students must talk with and get permission from the Director of Residential Life to be in this category).</td>

**PRIORITY NUMBERS**

Students within each of the above categories will, then, be assigned a PRIORITY NUMBER, based on their class year. For the purposes of Mid-Year Room Draw, class year is based on the information provided by the Registrar’s Office at the time of Room Draw and the Athletics Department (Juniors and Seniors who have not completed their physical education requirement by Mid-Year Room Draw will be assigned a sophomore priority category of #3). Questions about the PE Requirement? Please contact Susan McCabe at 610-896-1117 or smccabe@haverford.edu. **Group Priority Number**: Students applying as part of a group will have a group priority number assigned that is equal to the average of the individual priority numbers of the group.

**LOTTERY NUMBERS**

When there is more than one student in a category with the same priority number, a computer generated randomizer will assign each student a LOTTERY NUMBER that will determine the order in which they will pick their housing.

**POSTING OF LOTTERY NUMBERS**

Priority and lottery numbers will be assigned on the Wednesday before the Draw by the Residential Life Committee and Office of Residential Life. Lottery numbers will then be posted that night by 7:00pm, at the latest, online accessed via a link that will be shared with all students and their proxies who signed up for the Draw and also outside of Chase 213 (Chase Hall, 2nd Floor).

**PROCEDURES - DURING THE DRAW (What to do and when)**

"THE DRAW" ~ How the online MID-YEAR ROOM DRAW WORKS

**THE DRAW WILL TAKE PLACE ON** Thursday, December 1, at 9:30pm, **PROMPT**.

The Res Life Committee will be conducting the online Mid-Year Room Draw using a shared Google Document and Google Chat, and will be convening for the Draw in the Office of Residential Life, Chase 213. Anyone who wishes to be on hand to watch or participate is welcome to join us. Specific instructions will be emailed out on Wednesday, November 30.
A list of the housing spaces available at the start of the Draw will be posted by 7:00pm the day before the Draw. To help participants select their new housing this list, residence hall floor plans and a listing by residence halls of where students are living Semester II (only those who have given permission to release this information) will be made available on the day of the Draw in Chase 213 (Chase Hall, 2nd floor) and ONLINE at the Draw.

PROCEDURE
The Draw will begin with the offering of available housing group options from largest to smallest. Please Note: There is no guarantee that any or all of the housing options listed below will be available and offered. All options depend on where spaces open up as a result of students studying away, taking leave, or changing rooms.

The ORDER OF HOUSING OPTIONS OFFERED IN THE DRAW is as follows:
• five-person options
• four-person options
• three-person options
• two-person options
• doubles, singles

The ORDER OF STUDENTS CHOOSE HOUSING
Students choose their housing in order of their lottery number for each housing option.

HOW IT WORKS
At the beginning of the Draw:
• For each housing option offered, students will choose their housing in the order of their lottery number for that option. The Draw for that option will continue either until all the housing available in that option has been taken or every lottery number for that option is called. The Draw will follow the same procedure for each housing option. Once the offering of the group options is finished the Draw for the singles option will begin.
• If there are fewer applicants for the option of three-person apartments than the number of three-person apartments available, the extra apartments will be offered to the next lottery list of applicants - those who signed up for the two-person apartments draw. (REMINDER: The third, open, bed remains available for any eligible student.) If this fails to fill any remaining three-person apartments, the spaces within them will be offered as singles. Similarly, the spaces in two-person apartments will be offered as singles if they are not filled under the category of two-person apartments. The spaces in suites and hall groups will also be offered as singles if no groups of the proper size apply.

IMPORTANT TO NOTE: The FORMAT of the Draw WILL CHANGE ONCE the Draw reaches the first student who has Semester I campus housing.
• If such a student with Semester I housing selects new housing that student automatically gives up their Semester I housing and this housing is then added to the available housing pool and is made available to students to select.
• At this point, the Residential Life Committee Co-Chairs, who run the Draw, will go back to the beginning of the lottery list for that housing category. In order of lottery number, the Chairs will ask if any student who has already selected housing would like to trade for the housing that just has become available.
• If a student selects new housing, their previously selected housing will be returned to the housing pool. The next student on the lottery list for that housing category has the option of selecting the newly available housing. The Residential Life Committee Co-Chairs will continue down the priority/lottery list to see if any student would like to reconfigure/switch their previously taken housing for the newly available housing. This process will continue until either there are no more housing options available or everyone has finalized their housing. Once a student has chosen housing, the student will not be eligible to choose from subsequent housing option categories offered in the Draw.

PASS RULE
Students may pass on a particular housing option without penalty during the Mid-Year Draw in order to take housing in a subsequent housing option offering. However, students who do not have campus housing and are seeking Semester II campus housing must take housing at some point during the Draw.
PROCEDURES - AFTER THE DRAW (What to do and when)

TRADING ROOMS
During the Room Trade period, Friday, December 2 @ 9:00am - Friday, December 9 @ 5:00pm, like groups may trade (i.e., a three-person apt. for a three-person apt., or a five-person hall group for a five-person hall group). Individuals may trade any housing provided they are from the same class. The Room Trade Form (pdf) is a hardcopy form and may be downloaded or picked up at the Office of Residential Life. All trades must be approved by the Director of Residential Life.

Please make sure to fill it out the form completely and return it to the Office of Residential Life by the deadline.

• REMINDERS:
  o Signatures of all students and complete room address, including room letters, where applicable, are required. Students may only sign their own names and must name a proxy to act on their behalf if unable to.
  o Students who know that they are leaving their Semester I campus housing may not participate in room trades or the Draw itself.
  o Students may not arrange a trade with a student who does not plan to live in campus housing in Semester II.
  o Students may only arrange a trade with a Bryn Mawr student if both Directors of Residence Life approve.

MORATORIUM ON TRADING ROOMS ~ Once the Draw is completed and the Trading Period has ended, there will be no more room until Semester II. If you feel you need to change your room after you return to school in Semester II, please contact the Office of Residential Life at 610.896.1298 or hc-reslife@haverford.edu

VACANCIES THAT ARISE AFTER THE DRAW

• RECONFIGURING/SWITCHING SPACES WITHIN GROUPS after the Draw
  o If a vacancy occurs in your suite, hall group, floor group, or house and you want to reconfigure/switch spaces within your group room, and your entire group approves, please notify the Office of Residential Life, via email, no later than 5pm, Monday, January 2, 2017. PLEASE NOTE: Anyone who chooses to reconfigure/switch spaces may not move back to their old room after the Draw, even if it is still available.

  o Please have all in the group notify the Office of Residential Life by emailing hc-reslife@haverford.edu and title this email "RECONFIGURING/SWITCHING" in the subject line and include the following information:
    ▪ Your name, class year, student ID#
    ▪ The Semester I housing (dorm, room #, and letter if applicable) you are leaving The Semester II housing (dorm, room #, and letter if applicable) you are reconfiguring/switching to

• PULL-INS after the Draw
  o If a vacancy occurs in a suite, hall group, apartment, double, floor group, or house after the Draw the remaining students may be able to pull in a student to fill it. (This excludes Special Interest Housing where spaces will be filled only after consultation with the appropriate dean or faculty resident.)

  o Please have all in the group notify the Office of Residential Life by emailing hc-reslife@haverford.edu and title this email "PULL-IN" in the subject line and include the following information:
    ▪ The name, class year, student ID# of the person you wish to pull-in
    ▪ The Semester II housing (dorm, room #, and letter if applicable) you are pulling this person into
    ▪ Your name and your housing

  o If you do not have someone in mind to fill the vacancy, please feel free to check with the Office of Residential Life to see if they know of students who are looking for housing and who might want to fill this opening.

REMINDER: Any open spaces that remain after Mid-Year Room Draw, will continue to be considered part of the housing pool and available to the Office of Residential Life to use to house eligible students throughout the academic year, if needed.

THE SMOKING POLICY and RESIDENCE HALLS SMOKING DESIGNATIONS

The Smoking Policy -- A Brief Synopsis

The College has adopted a smoking policy to protect individuals who do not wish to be exposed to smoke of any kind. All non-residential buildings have been designated "smoke-free areas". No one may smoke inside any such building, and smokers should take care not to cause others discomfort when smoking too close to an entrance of such a building. Students' Council was given the responsibility by the College to determine the smoking policy within the residence halls.

The Smoking Policy (adopted by Students’ Council, December 2015)
Smoking in College housing is a privilege, not a right. To best balance respect for personal decisions with concerns about the needs and health of community members, Students’ Council has delegated the administration and oversight of smoking in the residence halls to the Residential Life Committee. The Residential Life Committee is responsible for designing residential housing options, as well as a room draw selection process, that considers the needs of the student body as a part of the broader College community. The Residential Life Committee is also responsible for the appropriate communication of such housing options and selection processes.

For the purposes of this policy, the emissions generated by e-cigarettes and/or personal vaporizers are considered equivalent to smoke.

Amendment to the Smoking Policy (adopted by Students’ Council, October 2011)
Let the Smoking Policy be amended to reflect that all first-year residential buildings are smoke-free spaces, effective with the Class of 2016. This policy applies to all residents and guests, regardless of class year, and includes spaces such as individual rooms, common rooms, hallways, stairways, bathrooms, etc. Smoking will still be allowed outside of first-year buildings, although the interior courtyard of Tritton shall be smoke-free. Smoking of any kind is not permitted in these smoke-free spaces.

Residence Halls Smoking Designations and Offerings in Room Draw stated in the Smoking Policy, the Residential Life Committee has been given the responsibility by Students' Council "for designing residential housing options, as well as a room draw selection process, that considers the needs of the student body as a part of the broader College community. The Residential Life Committee is also responsible for the appropriate communication of such housing options and selection processes."

Please note: smoking refers to all substances. Students understand that it is their responsibility to abide by all College policies and procedures, as outlined in the Student Guide. [http://blogs.haverford.edu/students-guide/the-drug-policy/](http://blogs.haverford.edu/students-guide/the-drug-policy/)

Guided by the survey results and our experiences over the years the Residential Life Committee has developed the following plan for housing in 2016-2017. This plan and how it is working will be evaluated throughout the year.

IN A NUTSHELL:
The Res Life Committee has clarified the Smoking Policy, by renaming and reinforcing the smoke-free housing designations, and setting up a mechanism to empower nonsmokers and support confrontation within the context of student self-governance in the residence halls and through Haverford values of trust, concern, and respect and the Honor Code.

In order to reduce the amount of these encounters, establishing a space where smokers know they won’t be disturbing other people will enhance the likelihood that heavy smokers will not be housed in a smoke-free dorm.
THE PLAN: Residence Halls Smoking Designations (Definitions and Locations)

Designations - Definitions

The default status of all campus housing is smoke-free with one possible exception - if offered smoke-friendly housing (dependent upon the numbers of students who apply for/commit to living in this housing).

- **SMOKE-FREE HOUSING**
  - **FORMALLY DESIGNATED SMOKE-FREE HOUSING**: smoking is prohibited/never permitted under any circumstances. The dorm is and will remain smoke-free. No smoking will be tolerated. In spaces that are designated as smoking-free housing students and their guests assume the responsibility and are trusted to not smoke anything in this housing.

  **Violation**: Students are required to self-monitor, commit to not smoking in this housing. No smoking will be tolerated and the inability to adhere to the designation will require a mandatory discussion with the ResLife Office regarding housing privileges. This discussion may result in resolution, housing change to smoking housing (if space available, option not available to first-year students) or loss of campus housing.

  - **UNDESIGNATED SMOKE-FREE HOUSING**: The default is that smoking is prohibited. Upon consensus with your respective floor or dorm section, smoking may be permitted only in agreed upon circumstances but smoking is not a guaranteed privilege. A Memo of Agreement must be submitted to the Res Life Office by every residential area, each semester, detailing their agreement regarding smoking in general, regardless of smoking intent.

  **OPTING TO LIVE IN SMOKE-FREE UNDESIGNATED HOUSING RATHER THAN SMOKE-FRIENDLY HOUSING IS A TACIT AGREEMENT TO LIVE BY THE SMOKE-FREE DESIGNATION UNTIL/UNLESS OTHERWISE AGREED UPON.**

  **This Memo of Agreement**, delineating the agreement must be drawn up and signed by all and this agreement filed with Res Life Office *BEFORE* smoking occurs. It is important to note that this Memo of Agreement may be renegotiated (including disallowing smoking) at any time throughout the year.

  A preliminary conversation about any smoking request (and a tentative Memo of Agreement) should be had right after the Rounds of Room Draw is completed. This would give students who hope to smoke the chance to trade housing during Room Trading period, if their neighbors do not wish to have smoking in their housing area. The conversation and Memo should be finalized in the fall immediately upon arrival.

  Honor Council members have offered to act as resources for students who would find it helpful to have a facilitator or mediator in these discussions.

  **The first serious violation** of the agreement will result in a mediated discussion with involved parties, ResLife and/or Honor Council. A **second violation** will be reported to Honor Council and may result in housing change to smoking housing (if space available, option not available to first-year students) or loss of campus housing.

- **SMOKING PERMITTED HOUSING**: The default is that smoking is permitted and to be expected. It is the only space that potentially guarantees smoking privilege. The designated space will be smoke-friendly unless the whole space cannot be filled with willing residents. A form must be submitted by every residential area, each semester, detailing their agreement regarding smoking. Confrontation cannot request someone completely desist smoking.

  **IN THE EVENT THAT THE DESIGNATED SMOKE-FRIENDLY HOUSING IS NOT ENTIRELY FILLED, IT WILL REVERT TO SMOKE-FREE UNDESIGNATED.**

  **IF NUMBERS WARRANT OFFERING THIS KIND OF HOUSING** the housing options will be offered during the appropriate Rounds. If any of this housing is not chosen in a particular Round it will be offered in each subsequent Round until taken. If any of this housing is still vacant by the end of the Rounds it will remain available to students to choose or trade into during the Room Trading Week.
If by the end of the Room Trading Week these spaces have not been filled this Smoking-Friendly housing will revert to Smoke-Free - Undesignated housing. If a vacancy occurs and cannot be filled - reverts to Smoke-Free - Undesignated. For example, if all of Lunt 4th or an entire floor of a building at HCA is not taken the floor will revert to Smoke-Free - Undesignated housing.
