Information for Returning Students from Residential Life

First and foremost we wish to extend a warm “Welcome Back”!

Below you will find important information about how to obtain campus housing upon your return. Please read this over thoroughly and note that you must follow certain procedures and meet certain deadlines.

Complete, detailed, and the most up-to-date information about obtaining campus housing through the Mid-year and Spring Room Draws - the process, procedures, dates, deadlines, where to find important online forms - can be found on the Office of Residential Life website. All students acknowledge their responsibility to read, understand, and abide by all policies and procedures in the Room Draw Guidelines and the Honor Code.

TWO THINGS THAT YOU MUST DO:

1) In order to be considered eligible to obtain On-Campus Housing, you must be formally enrolled at the College.

YOU MUST NOTIFY THE FOLLOWING OF YOUR INTENT TO RETURN and BE ENROLLED:

• Students on International Study Abroad must notify Dean Donna Mancini of their intent to return.
• Students on Domestic Study Away must notify their Dean of their intent to return.
• Students on Dean’s Leave must notify their Dean of their intent to return.
• Students on a College Leave must apply for permission to return to Haverford through Martha Denney, the Dean of the College. Before writing to Dean Denney, however, students on College Leave should ensure that they have fulfilled or are soon to fulfill the conditions CSSP established in the letter it sent after placing them on College Leave.

2) YOU MUST NOTIFY THE OFFICE OF RESIDENTIAL LIFE OF YOUR INTENT TO RETURN and that you are SEEKING CAMPUS HOUSING by filling out the online “Returning Student” form or by emailing hc-reslife@haverford.edu. It is assumed that students who do not fill out this online form or contact the Residential Life Office in writing at hc-reslife@haverford.edu to request campus housing have made off-campus housing arrangements.

HOUSING ACCOMMODATIONS:
If you are seeking campus housing and are requesting a housing accommodation of any kind, including for air conditioning or carpet-free housing, you MUST fill out and submit the Office of Access and Disability Services Housing Accommodation Request Form and provide supporting documentation according to the Documentation Guidelines no later than the following DEADLINES: by February 15 for Semester I (Fall) housing and by November 15 for Semester II (Spring) housing.

Please contact Sherrie Borowsky, Coordinator of Access and Disability Services, with any questions regarding the Housing Accommodations process. Once your request form and doctor's documentation are received by Sherrie she will review all and get back to you if she has any questions and then about whether or not your request has been approved. Sherrie will then let me know. We will then work with you on your housing options.

NOTIFICATION DEADLINES FOR ALL CATEGORIES OF RETURNING STUDENTS ARE:

• FOR SEMESTER I return: MARCH 15
• FOR SEMESTER II return: NOVEMBER 10

OTHER IMPORTANT INFORMATION

The College expects to be able to provide housing for any student returning in the fall, if the Director of Residential Life is notified in writing that the student wants campus housing by the Deferred Housing deadline stated in the Room Draw Rules. If notification is received after the deadline, the College will make every effort to provide housing but may not be able to do so. When enrollment is particularly high, housing may be drawn either from the emergency list or other temporary accommodations.

As is true in September, the College will make every effort to provide housing for students returning in January but is under no obligation to do so. For a number of years, however, there have been more than enough spaces to accommodate everyone seeking second semester housing.
RESIDENTIAL LIFE OFFICE INFORMATION

Residential Life Website: www.haverford.edu/reslife
Residential Life email: hc-reslife@haverford.edu
Residential Life Telephone: 610-896-1298
